
1 List any changes that you experienced in your system(s) today

Include anything that you believe is related to recent upgrades.

Examples: new features, software behaving differently, visual changes, etc.

2 Describe how those changes impacted you

Examples of positive impacts: felt more productive, saved time, etc.

Examples of negative impacts: lost data, felt frustrated, lost settings, etc.

Rate how satisfied you are with your decision to upgrade

Consider all your experiences up until today related to your recent upgrades.
